Garsfontein Road, Pretoria East

BATHROOM EXTRACTOR FAN INSTALLATION

Extractor Fan Specifications: White Eurolux 4 inch Wall Extractor Fan, or similar unit to be installed.

Dimensions: 158 x 80 x 158 mm

Access through the brick wall needs to be core drilled, leaving a brick space between the window and the extractor fan unit to ensure integrity of the building structure as per illustration photo below.

The Extractor Fan unit needs to be placed in the centre, above the bathroom window.
